

Making a positive impact in Aviation

Grow your margins in the face of changing market conditions

At Brooklin Consulting, we work with industry leaders to help them overcome their unique business challenges, uncover their greatest opportunities, and achieve impactful results.

Our experience in improving aviation performance spans over 30 years. We have worked in:

- Aerostructures Manufacture
- Aircraft Parts Manufacture
- Aircraft Assembly
- Parts Machining
- Stores Countrywide
- Flight Operations
- Simulator Maintenance and Scheduling
- Unit Maintenance
- C & D Checks
- Pilot and Crew Scheduling
- Fuel Consumption

What matters most: results

Through measurable results, we ensure your success is ongoing throughout the project and well beyond.

Our projects are tied to clearly defined improvements.

- Annual improvements are often over **3:1 ROI**.
- Over **95%** of our clients experience better than forecasted improvements.
- **100%** of our clients have agreed to be references.

Client results achieved with Brooklin Consulting

- 25% measured productivity gains
- Improved on-time departures performance
- Reduced material costs, reduced indirect costs
- Improved throughput rates, reduced cycle times
- Reduced aircraft downtime
- Increased proactive management
- Improved utilization of MRP systems

Make a positive impact

Let's connect and make a positive impact together!

What our clients have to say

We are proud to have supported our clients.

- Air Georgian
- Air Canada
- APEX
- Avcor
- Bombardier
- Canadian North
- CanJet
- Wasaya Airlines

"Our production has increased upwards of 21.3% in various areas of our organization. Brooklin identified additional opportunities, which exceeded the annualized savings targets, resulting in at least a 3.9 to 1 ROI."

"Brooklin concluded their project with a forecasted ROI of 5.3 to 1. The project's successes include implementation of a Business Intelligence tool, development of management operating system, process improvements and trained staff."

"The implementation - focused approach broke the mould of previous, report - heavy initiatives. Brooklin not only delivered results but helped develop our team and inspired a culture of continuous improvement. With a planned merger, the results have strengthened our profitability and improved our valuation."

How we do it

We can **guarantee** you will see measurable results for your business challenges. How do we make this claim?

At Brooklin Consulting we:

- Assess the current state and identify revenue improvement and cost saving opportunities.
- Develop measurable goals and solutions.
- Implement improvements with your people.
- Sustain enhancements with a long-term strategy.

We use our **"Structured Approach"** to foster change, train staff and help generate profits. We will work with your team every step of the way to enable your people to achieve long-term sustainable improvements.
